

Smarden Gardeners' Society

FOR EVERYONE WHO HAS A LOVE FOR ALL THINGS GARDENING

Images and text by Jacqui Mason
5th November 2025

A group of our Members recently visited **Scotney Castle** in Lamberhurst on September 27th. We were lucky enough to enjoy the drive with Wealden Wheels in their brand new electric vehicle which everyone thought was so smooth and quiet . Huge thanks to **Marcus Palmer** for driving us.

There were more of us on this outing, but two were driving themselves and missed being in the group picture.

On arrival, well, it poured with rain. So the first stop was their Café for Coffee. Then when the rain eased we ventured out to enjoy the wonderful scenery , Castle and House. The views were outstanding. Unfortunately , **Scotney Castle** did not have the amazing Autumn colours which we enjoyed at the same time as last year at Sheffield Park and Gardens, but we all still loved **Scotney Castle** itself , the landscape and of course the House which has some amazing history.
